PROJECTS

Portfolio Website

- Developed a responsive portfolio website using HTML, CSS, and JavaScript to showcase my web development projects and skills.
- Implemented a clean, modern design with a user-friendly interface to enhance user experience and navigation.
- Utilized CSS Flexbox and Grid for layout design, ensuring the website is fully responsive and visually appealing on all devices.
- Incorporated JavaScript functionality to create interactive elements such as dynamic project filtering, modals, and smooth scrolling.
- Technologies Used: HTML, CSS, JavaScript.

Amazon Clone

- Developed a faithful frontend replica of the Amazon using HTML, CSS replicating the user interface and visual elements of the original platform.
- Technologies Used: VS Code, UI/UX Replication.
